

Emerald Pointe Garden Club

I have been asked to organize a garden club for the (winter) beautification of our park. I would appreciate all who would be interested, with or without experience, to be in contact as soon as possible. This could prove to be an interesting venture because so many of you are not familiar with Florida gardening. Most of us have learned by trial and error. Some mistakenly think we are tropical - we are not. Just somewhere between North and South. Also, I can assure you this will only be for our pleasure and not truly "organized" as per Garden Clubs of America. :)

All thoughts, suggestions and help will be appreciated. You may contact me at:

E-mail: N13246@Yahoo.com or Phone: 352-895-8183
